Hey there!

Thank you for looking at my homeschool resources!

I'm really excited to know you're interested in teaching your kids about the F.R.O.G. acronym! I hope you've had a chance to read through the lesson plan information I've included on the website, as the printables included in these bundles go along with the suggestions I've written about. I pray the lesson plan ideas have inspired you to think outside the box as you begin preparing to teach this lesson to your kids.

The Bible is such a wealth of knowledge, and I encourage you to take all the time needed to explore each story and each verse you discover along the way!

This printable bundle includes 2 templates that can be used when prepping some of the games suggested in the lesson plan ideas! It also includes a sheet for kids to write out Bible verses they learn about along the F.R.O.G. journey! For the full set of printables, make sure to download my other bundle as well!

Enjoy diving into the Bible with your kids as you explore how to FOREVER RELY ON GOD together!

God bless,
Becky
